

PROF GEORGE LENYAI

I am the Vice-Chairman of the Dr. S. Motsuenyane rural development foundation. I am a retired academic. When I retired in July 2006, I had been the Vice-Chancellor and Principal of Technikon Northern Gauteng. For ten years and the final 4 years of my employment I was the Senior Vice Principal academic at the Tshwane University of Technology. TUT. Serving on the foundation gives me great satisfaction because I consider it as my contribution to community development.
